

AGENDA

BOARD OF MANAGERS MEETING

October 18, 2022 at 5:30 P.M.

Inver Grove Heights City Hall

8150 Barbara Ave, Inver Grove Heights, MN 55077

- I. Call to Order
- II. Approval of Agenda
- III. Consent Agenda (Acted with one motion unless a manager requests an item be discussed)
 - A. Minutes of August 16, 2022 Meeting*
 - B. Invoices for Payment*
 - C. October 18, 2022 Year-to-Date Financial Summary*
- IV. Performance Review and Assessment Program (PRAP) Presentation*
- V. Approve WBIF Payment for Carlson Lake TMDL Project*
- VI. New Bank Update
- VII. Outreach Schedule Review*
- VIII. **Smart Salting Planning**
 - IX. **CLIMB Theatre Discussion**
 - X. Approve 2023 Budget and Dues*
 - XI. Approve 2023 Workplan with SWCD*
- XII. Approve 2023 Meeting Schedule*
- XIII. Minnesota Water Stewards Activity Updates
- XIV. Community Updates
- XV. Agenda Items for December 6, 2022 Meeting

* Materials included in packet

XVI. Adjournment

EAGAN-INVER GROVE HEIGHTS WATERSHED MANAGEMENT ORGANIZATION

DRAFT MINUTES BOARD OF MANAGERS MEETING August 16, 2022

The Eagan-Inver Grove Heights Watershed Management Organization (WMO) Board of Managers (Board) met at the Eagan Maintenance Facility, 3501 Coachman Point, Eagan, MN 55122

Board Managers Present:

Jennifer Workman-Jesness Appointed by City of Eagan Monica Foss Appointed by City of Eagan

Sarah Saito Appointed by City of Inver Grove Heights

Kathleen Reitz Appointed by City of Eagan

Others Present:

Ashley Gallagher Resource Conservationist, Dakota County Soil and Water Conservation District

Gregg Thompson Water Resources Staff, City of Eagan

Brian Fake City of Eagan Resident

I. Call to Order

Chair Foss called the meeting to order at 5:35 p.m.

II. Adopt Agenda

Motion by Workman-Jesness, second by Saito to approve the agenda. Motion carried.

III. Audience

Brian Fake attended meeting with intent to observe the meeting. Also brought up a concern with a development near his home. Concerns relate to erosion and water management. City of Eagan staff will coordinate directly with Mr. Fake on this concern.

IV. Approve Consent Agenda

- A. Minutes of June 21, 2022 Meeting
- B. Invoices for Payment
- C. August 16, 2022 Year-to-Date Financial Summary

Motion by Saito, second by Workman-Jesness to approve the consent agenda. Motion carried.

V. New Bank Update

Now that there are approved minutes of the action Board took to change banks the Administrator will set up a meeting with Ideal Credit Union, and managers Foss and Workman-Jesness. Foss available after September 2nd. Which should allow time to process current checks as well.

VI. Review Draft Outreach Schedule

Administrator prepared a draft schedule that included WMO and member events and deadlines. A few additional items were added. Will be revised into table so that city or WMO can be listed as who is taking the action or supporting the action. There was some discussion on Marketfest. The City of Eagan Water Resources staff table a few times throughout the summer. There is also an indoor winter Marketfest.

VII. Performance Review and Assessment Program (PRAP) Update

PRAP is a Board of Water and Soil Resources (BWSR) program that evaluates all water management organizations in the state every 10 years. E-IGHWMO is due for an evaluation. The PRAP coordinator will give a presentation at the October meeting. Administrator will begin to gather information for the review. One component is a survey. Survey will likely be sent out in October to Board members and partners.

VIII. Eagan BMP Signage Updates

One of the signs near City Hall has been installed. The moveable sign near Cascade Bay is being fabricated. E-IGHWMO was invoiced for the cost of the signs.

IX. We Are Water Update

Exhibits will be at Lebanon Hills Park in Eagan and Pleasant Hills Library in Hastings mid-October through December. There are a number of events planned leading up to the exhibits. The We Are Water website hosted by Dakota County has a full list of events. Some events include nitrate testing clinic for residents on well water and potentially field days. Foss was interviewed by the MN Humanities Center for the We are Water project, however it was a virtual group interview and Foss didn't feel she was able to share what she would've liked to share.

X. Minnesota Water Stewards Activity Updates

Thompson has reached out to existing stewards to gauge their interest in volunteering by completing a short survey. Only one survey received so far. Foss attended a meeting hosted by Vermillion Watershed (Brita) for Stewards to share ideas/projects. Gallagher mentioned that maybe in the future there would be a way to bring all stewards across the county together, perhaps with one main Dakota County MWS contact.

XI. Community Updates

Eagan: Thompson reported that Macbeth will retire on September 30th but stay on part-time through the end of the year to ease transition to the new Water Resources Manager. The Carlson Lake underground storage and treatment project is complete and functioning. Invoices and final project paperwork are being worked on. Project should come to the Board for payment at the October meeting. City is planning 20223-23 CIP and many water resources projects are alum treatments. There was discussion on research project by the University of Minnesota. City of Eagan is connected with UMN and even hosted a meeting. City is working on a PC-SWMM model for the entire city, but working in sections over the next approximately 10 years. This requires a lot of ground truthing of points/stormdrains which interns are assisting with. The model provides hydrology and hydraulics and will help with prioritizing project locations.

IGH: Was not at the meeting and did not provide a report.

XII. Agenda Items for October 18, 2022 Meeting

- Newsletter
- PRAP
- Smart Salting Planning
- Open IGH Representative
- CLIMB Theatre Update/Discussion
- Alum Treatment Info

XIII. Adjournment

Motion by Workman-Jesness, second by Reitz to adjourn the meeting. Meeting adjourned at 6:45 pm.

Performance Review and Assistance Program (PRAP)

BWSR's Performance Review and Assistance Program (PRAP) was authorized by the legislature (Statute 103B.102) in 2007 to monitor and assess the performance of local units of government (counties, SWCDs, watershed districts, and watershed management organizations), responsible for the conservation of water and related land resources. In addition to conducting reviews, BWSR uses this program to provide organizational improvement or assistance grants to local government units (LGUs) in need and prepares an annual report to the legislature outlining the work conducted under the program.

PRAP Review

The program includes an Annual Statewide Summary and three types of assessments.

The **Annual Statewide Summary** is an annual tabulation of required plans and reports for all LGUs. This information is included within the Annual Legislative Report.

Organizational Assessments are routine, interactive reviews intended to assess all LGUs at least once every 10 years. These reviews evaluate operational effectiveness, partner relationships, and whether the LGU has achieved county water plan, watershed management plan, and/or SWCD comprehensive plan implementation goals.* Organizational reviews also assess compliance with performance standards and the Wetland Conservation Act, where applicable.

Watershed-based Assessments are routine reviews conducted with partnerships of local governments working together to implement comprehensive watershed management plans (CWMPs) developed through the One Watershed, One Plan Program. Assessment occurs when a CWMP has reached or passed the 5-year plan evaluation checkpoint. This type of review evaluates progress on plan implementation and analyzes partners working relationships.**

Program History

Since 2008, BWSR's Performance
Review and Assistance Program
(PRAP) has assessed the performance
of the units of government that
constitute Minnesota's local delivery
system for conservation of water and
related land resources. The program
goal is to assist these local
government partners to be the best
they can be in their management of
Minnesota's land and water resources.
Review of LGU compliance with the
Wetland Conservation Act was added
in 2017.

In 2022, the program was redesigned, to accommodate for the ongoing transition from county-based local water management plans to watershed planning.

Special Assessments are conducted with LGUs experiencing significant obstacles or performance deficiencies and may include BWSR Board action to assign penalties as authorized by statute.

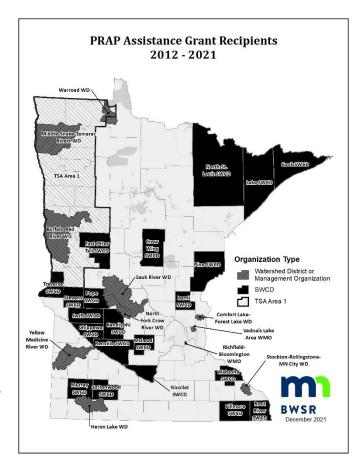

- * Within an Organizational Assessment, the plan review may be omitted or waived depending on multiple factors, including plan expiration, status of water planning efforts by the LGU/within the jurisdiction, and status of approved comprehensive watershed management plans within the jurisdiction.
- ** Within the watershed partnership, individual LGUs may be selected to complete an Organizational Assessment to coincide with the Watershed-based Assessment. Doing this simultaneously will reduce the time individual LGUs are involved in a PRAP assessment, resulting in a less time-consuming process for both BWSR and the LGUs.

PRAP Assistance

The "assistance" part of the PRAP program comes through grants made to LGUs to improve operating performance and execute planned goals and objectives. Grant activities typically include facilitation, mediation or consulting services related to organizational improvement activities such as reorganizations/mergers, strategic planning, organizational development, benchmarking, audits, and staff and board capacity assessments. LGUs do not need to have been the subject of a PRAP performance review to apply for these grants, but funding priority is given to activities recommended to an LGU as part of a PRAP review.

Since the program began in 2012, more than \$125,000 has been awarded to LGUs around Minnesota.

In 2021, BWSR changed some of the application requirements for PRAP assistance funds and provided clarity about what types of activities and expenses are eligible. Additional changes include an increase to \$20,000 for partnerships that apply for assistance funding. A \$50,000 annual cap on PRAP assistance awards was also removed to accommodate the potential for more partnership applications.

PRAP Reporting

BWSR prepares an annual PRAP report for the Minnesota legislature containing the results of the previous year's program activities as well as a general assessment of the performance of LGUs that provide land and water conservation services and programs. These reports contain an Annual Statewide Summary or Tabulation of data regarding reporting and plan status for all LGUs, as well as summaries and findings from all Organizational Assessments, Watershed-based Assessments and Special Assessment PRAP reviews completed during the reporting year.

To learn more about the PRAP program, or to view past Legislative reports, visit the PRAP page of the BWSR website at http://www.bwsr.state.mn.us/PRAP
